MEMORANDUM FOR ~~AL HAIG~~

FROM:

Phil Odeen *W*

SUBJECT:

Cambodia Situation

As you will recall, about a year ago, the VSSG Working Group undertook an effort to pull together the available data on the situation in Cambodia. CIA was made the repository for the data and State, DOD, AID, etc. now feed available info to the Agency.

This is a low key, but useful effort that may be modified and improved to meet our needs after a cease-fire.
